NOTE - NOTES
ANMERKUNGEN - NOTES

CONSIGLI PER LA POSA

Viste le caratteristiche della serie si consiglia:
- Fuga 2 - 3 mm
- Per i formati 15 x 60 si consigliano pose affiancate o a correre sfalsate di 3/4.

SUGGESTION FOR LAYING

Considering the characteristics of this series we suggest:
- 2 - 3 mm joint
- for the sizes 15 x 60 lined up laying or 3/4 staggered laying is suggested.

RATSCHLÄGE FÜR DIE VERLEGUNG

Im Hinblick auf die Eigenschaften der Serie, es empfiehlt sich:
- 2 - 3 mm. Fuge
- Für Formate 15 x 60 neben verlegt oder 3/4 versetzt.

CONSEIL POUR LA POSE

Vu les caractéristiques de la série, nous conseillons :
- Joint 2 - 3 mm
- Pour les formats 15 x 60 il est conseillé une pose alignée ou une pose décalée au 3/4.

ATTENZIONE

Durante la posa e i successivi allestimenti o lavori di cantiere, i pavimenti realizzati con le lastre della linea TAYMYR devono essere accuratamente protetti da tutti quei materiali abrasivi che potrebbero graffiare la superficie levigata. I particolari effetti di lucentezza irregolare e di superficie leggermente ondulata, visibili in controluce, sono stati creati per dare alle sfumature oniciate la plasticità e la bellezza tipiche del marmo vissuto. Pertanto non si accetteranno reclami relativi alla lucentezza non completamente "a specchio" delle superfici osservate in controluce.

ATTENTION

During installation and following fittings or building operations, the floors made with TAYMYR collection must be carefully protected against all abrasive materials that may scratch the polished surface. The special effects of irregular brilliance and slightly wavy surface, visible in the backlight, have been created to give the onyx shadings the softness and the beauty typical of worn marble. Therefore claims concerning uncomplete "mirror" brightness of the surfaces observed in the backlight will not be accepted.

ACHTUNG

Während der Verlegung und den darauf folgenden Ausstattungs- bzw. Bauarbeiten sind die mit den Platten der Linie TAYMYR gefertigten Bodenbeläge sorgfältig vor allen Schleifmaterialien zu schützen, welche die polierte Oberfläche verkratzen könnten. Die im Gegenlicht sichtbaren Spezialeffekte eines unregelmäßigen Glanzes und einer leicht gewellten Oberfläche wurden geschaffen, um den onyxähnlichen Schattierungen die typische Plastizität und Schönheit eines benutzt wirkenden Marmors zu verleihen. Es werden daher keine Reklamationen für einen nicht vollständigen „Spiegelglanz“ bei Betrachtung im Gegenlicht anerkannt.

ATTENTION

Pendant la pose et les emménagements successifs ou travaux du chantier, les sols réalisés avec les plaques de la série TAYMYR doivent être soigneusement protégés par tous ces matériaux abrasifs qui peuvent écorcher la surface polie. Les effets particuliers d'éclats irrégulier et de surface légèrement ondulée, visible en contre-jour, ont été créés afin de donner aux nuances du onyx la plasticité et la beauté typique du marbre vécu. Pourtant nous n'accepterons aucune réclamation relative aux éclats pas complètement à glace de surfaces observées en contre-jour.
