FINITURA LUX

La presenza sporadica di piccole disuniformità o di puntini sulla superficie è da ritenersi come caratteristica del materiale e della particolare lavorazione. Consigliato per pavimenti in ambienti residenziali.

LUX SURFACE FINISH

The occasional presence of small inconsistencies or of little spots on the surface is to be considered a characteristic of the material and of its particular manufacture. Recommended for flooring in residential spaces.

FINITURA SOFT

Consigliato per pavimenti in ambienti residenziali e commerciale leggero.

SOFT SURFACE FINISH

Recommended for flooring in residential and low traffic commercial spaces.

La protezione antibatterica è applicata solo sulla versione SOFT / The antimicrobial protection is applied only in SOFT version
